On-line by credit card

Some days after confirmation of your entry you will get an invoice by e-mail, which you can pay by credit (or debit) card on-line. 4% + 10 CZK transaction fees for card payment will be invoiced. Payment is done through the PayPal secured payment portal (You do not need to have any PayPal account).

By international bank transfer

If you do not want to pay on-line by credit card you can pay by bank transfer:
Bank: Fio banka, 11721 Praha 1, Czech Republic
BIC (=SWIFT): FIOBCZPPXXX
IBAN: CZ1520100000002800595750
Account owner: Oddil OB Kotlarka

Always write the name of your club and your name to the "Reason for payment" section. You can look up exchange rates on the web page of our bank (https://www.fio.cz/stocks-investments/other-fio-services/foreign-exchange). Calculate the correct amount in your currency by dividing the amount in CZK by the exchange rate in column "We buy". If you send your money using "Shared Fees", be so kind and add 1 EUR for bank fees as we have to pay for your money transfer if you pay in EUR. If you pay in any other currency add 4 EUR. There are no additional fees from Slovakia.

By national bank transfer

If you have the option, you can also pay through a Czech bank. In this case you have to send us the exact sum in CZK, we do not pay any fees for national transfers. In this case contact organizer to get exact instructions.

Registration:	Saturday June 1	from 10:00 to 11:00 in the center
	Sunday June 2	from 8:30 to 9:00 in the center

Registration will be for whole clubs only (no single runners will be registered). Clubs without debts and changes will be registered preferentially, and can also register later than at the times stated above.

Please check your payments on: http://oris.orientacnisporty.cz/PrehledVkladu?id=4300. If your payments listed on the web do not agree with those you sent, please inform us of this on cp2019@obkotlarka.cz, and you may be required to provide a proof of payment. We request those who will be paying extra money at registration to have the exact amount ready.

In case of changes (SI number, any other changes), please e-mail them to us on cp2019@obkotlarka.cz in advance to save both yourself and us time. We will be reading emails right until the last moment before the event.

Maps: Saturday June 1 SELSKÁ ROKLE, A3 size, for all classes using start 1 and classes H18B, H40B and H45B using start 2
DLOUHÝ DŮL, A4 size, for all classes using start 2 except classes H18B, H40B and H45B
both 1:10 000 (approved deviation from the rules)
Sunday June 2 JEZÍRKO, 1:10 000, A4 size
Both contour interval 5m, ISOM 2017, mapped 11/2017-12/2018, revised 3-4/2019, mapper Tom Novak.

Special map symbols:
brown triangle: platform

Due to the necessary degree of generalisation in the ISOM2017 key, cliffs (rockfaces) smaller than 1.5 m and boulders smaller than 1 m are not mapped. On steep slopes with many rocks/cliffs, separate cliffs are generalized as a continuous rockface. The level of generalization is higher than was common for races in Bohemian rocky areas in the past.

The area has been affected by windbreak and by the bark beetle, and the forest is actively extracted by forestery. There is a large number of UNMAPPED rootstocks.

All maps will be printed on waterproof paper (PRETEX).

Maps will be collected at the finish on both days and will be available on Sunday after the start of the last competitor in the finish area (details to be announced in the competition center).

Map samples are available on the web pages of the event.

Competitors with their own SI-card must fill in the number of their SI-card in the entry, others may hire an SI-card from the organizer for 40 CZK/day upon provision of a telephone number (not SIAC). Please specify the rental requirements in the entry and make the payment together with the starting fee. Competitors should return hired SI-cards at the download station after finishing their runs.

Clearing and checking of SI-cards is done by each competitor in the start corridor. The race finishes by punching the finish unit on the finish line. In case of SI unit failure, use the pin punch to mark the fields placed on the edge of the map. All competitors who have started must report to download, including those who did not finish or have controls missing.

Class M21 (H21E) has 32 controls on Saturday June 1 (long distance), some SI-card types only have the capacity for 30 split times.
